

It is the 25th of February Thursday afternoon.

This is the information on the trip to Batemans Bay which we are planning to do leaving on the 16th and march, staying overnight and Batemans Bay and then coming back home through Kangaroo Valley and Robinson back to Wallacia where we would say our goodbyes.

We would leave at 8:00 AM on the Tuesday morning from the McDonalds' at Blaxland and ride to Oberon for morning tea, from their we would go to Goulburn along the new highway and then across to Batemans Bay having stops were necessary.

I have organized accommodation and Batemans Bay beach resort studio apartments at \$45.00 per person that includes your linen and there are two to each unit there is a single bunk and a double bed in each one.

So I figure we can stay there the night and look for somewhere eat on the way in, and then leave early in the morning and come back through Kangaroo Valley maybe stop there or at Nowra for morning tea and then into Robinson and around the back roads back to Wallacia and home.

This is only a suggestion and if you have any other ideas or any ideas at all that you would like to do please do not hesitate to contact myself and Franze Garde.

I will need to know how many is coming by the end of next week so that I can make a firm booking.

Regards Eric Baldwin. At
